

Helpless Children's Welfare Mission Duhabi, Sunsari / 1 oktober 2018

Mr Puran Baraily and myself, proceeded to Duhabi for meeting with the board members of the Helpless Children Welfare Mission (HCWM). About 5 members of the board were present for the meeting. I shared my views first in following sequence then listened to the board.

- a. I shared information on Riju Gautam who is in Pokhara for art class training. A separate report will be prepared on him as soon as possible. Board members are happy with the development of the Riju. I showed little dissatisfaction on manners and etiquette of the children.
- b. It has been more than 5 months we had jointly agreed to carry out maintenance work of the home. The development of maintenance work is rather slow. However, the board promised to complete it by 10th October 2018.
- c. I asked to include pictures in report to make them lively and not to repeat same children story every month. They are asked to enhance the communication with me and SHC. The report should be written seriously and read twice thrice to avoid mistakes. Jayanti will also maintain diary for daily activities as Parbat in Dipendra School.
- d. Jayanti will be preparing profile of children who are above class 8. The profile will be used for employment opportunity program.
- e. The board is not active in making sponsor or donor for HCWM Duhabi. I discussed on several mode and method of making sponsors. However, they have promised to make some sponsors or donors soon.
- f. The board is informed to capitalize the kind donations and show in the monthly report.
- g. I had separate talk with Sita who seems little depressed. She does not like to speak much. However, I had asked her to make decision of her career within a week and report to me through Jayanti. She had appeared SEE (School Education Examination) twice but could not get through. Miss Jayanti is requested to arrange special coaching for her to appear exam this year as final attempt.
- h. We came to know about the missing report of Amrit Gautam after the sudden entry of police inspector in our meeting room. However, Jayanti and Chairperson informed us about his return that evening.
- i. I requested to provide feedback on weaknesses of the organisation especially SHC Dharan, they could couldn't mentioned any.
