

Deepa monthly report of December 2019

This month was not so good for Deepa because during this month she had little health problem due to cold she caught, cold headache.

She took her tuition class with her hired tutor and computer class regularly. During this month she got some extra class to increase her basic knowledge in her study and preparation for her upcoming exam. In study she has some problem i.e. getting difficult to memorize things. She regularly attends her school without being absent in her class. According to her tutor she had some problem in memorizing chapter. She is studying in class 8 but is very weak in her study. Her hired tutor and Duhabi board member are giving more focus on her study.

She helps home mother and kitchen mother at home and also she helps to clean garden. She regularly take care about cleanliness She is good and helping girl to the younger one and love to talk and play with small children. She stays at home and helps mother at home playing good role as family member at home.
