Covering the month of May: 2024

Children made some clay works as it was the task from the school for their development. Khusi made a project work places where computers are used and submitted to her school.

Education

The children have advanced to the next grade levels, with new textbooks purchased based on their respective classes. Their consistent attendance at both school and tuition classes has ensured a steady progression in their education, allowing them to stay on track with their studies. Additional assistance is given to children, particularly to Ram, Laxman, Karan, Karuna, Binisha, and Yubraj, who require extra guidance and support in order to excel. The educators invest time in comprehending the individual strengths and weaknesses of each child, customizing their tutoring sessions accordingly. Through offering personalized attention and assistance, these children will enhance their academic achievements and unlock their maximum capabilities.

Hygiene

Regular cleanliness is done at home.
