They were having their terminal exams during the last of month and all the children spent their much time in their study instead of playing outside. Staff members also did not let them to play for much more time during their exams. Anju got chance to dance at Duhabi program organized by Duhabi committee. We have provided medicine and they are well now. All of them are well cared and feed having a nutrient food. Other children remain safe and free from illness.

All of the children were having terminal exams during the last week of the month. Deepa, Pramila, Ram, Laxman, Shristi and Urmila were attending their tuition class with their hired teacher regularly and also they took the computer class properly. Their tuition teacher said that Pramila needs more attention towards her study she is being lazy day by day in learning whereas Deepa is naturally weak in her study.
