

CHILDREN'S DAY CELEBRATION

Children are considered as the building blocks of the strong nation. Children are very small but have capability to change the nation positively. Children's Day celebration also reminds us about their rights of which they are getting benefits or not. Children are leaders of tomorrow and are the responsible citizens as development of the country lies in their hands.

Various activities held in the related projects

Children's Day is celebrated all over Nepal on 14th September. On the occasion of children's day the program was held at school of Deepa, Jaskumar and Pramila. On the active collaboration of Duhabi municipality and Participant mobilization centre, the program was specially organized for the children. At first there was children's day rally, the walk in connection with children's day at Duhabi. Later the other programs were held accordingly.

Painting competition and speech competition was organized at school where children from different schools participated. The **three** children from duhabi home got an opportunity to participate in this program that helped them to be social and develop their qualities. Deepa, had only been the part of the program and other two children; Jaskumar and Pramila participated at **drawing competition**.

Anju and Anoj participated in drawing competition held at Dharan. Children from across the orphanages of the district participated in the program. The two children from each orphanage were selected for the competition. The theme of the painting was to draw with **own creative**

thinking. An hour of time was given for the participant to draw and colour the pictures. On the occasion of Children's day, the prize was distributed where Anju was Awarded consolation prize. She was so happy to get the prize and said that she will work hard to win

the better prize in future.

Children from Dipendra School participated in various activities on the occasion of Children's Day. Children from 2-5 participated on Drawing competition and the most beautiful pictures were being awarded after the result.

Boys showed their interest in football and played very well. There were two teams and each team had strong players each. The overall match seemed interesting and the best player was rewarded with a football prize.

Below are some of the glimpse of Children's Day celebrated in Dipendra School

The program ended with prize distribution to those students who did their best among overall and after the program some refreshments were being done together with the students and the school committee. Children were motivated to show their talents on this occasion by participating in the competitions. Overall the celebration of Children's day was motivational and was celebrated with lots of fun and frolic activities. Children's day celebration made us remind about the importance of the children in the family, society and country.

Sincerely,

Puran Baraily
