Geachte donateurs

December 2018

In deze nieuwsbrief vindt u een beschrijving van wat er concreet wordt gedaan met uw gift voor de in totaal ca 150 kinderen in onze projecten :

Het Kinderhuis in Duhabi en de Dipendraschool in Oost Nepal.

U krijgt een beeld van hoe het er dagelijks aan toe gaat en wat er dit jaar allemaal is gebeurd.

De nieuwsbrief is deze keer helemaal gemaakt door onze medewerker ter plaatse dhr Puran Bairaily.

U wordt onder andere geïnformeerd over wat de kosten zijn voor verblijf en levensonderhoud voor een kind, wat een leerkracht verdient, een “ homemother “ die voor de kinderen zorgt.

Zij stellen zich ook aan u voor.

De plannen voor de uitbreiding van de Dipendraschool voor kansarme kinderen uit de gemarginaliseerde Dalit gemeenschap met de bouw van 2 kleuterklassen komen aan de orde.

Deze worden bekostigd door Rotary Club in Hulst (Zeeland) en de Rotary Dharan die de inventaris voor haar rekening neemt.

De lokalen worden gebouwd met licht materiaal (concrete viber) en zijn aardbevingsproof.

Er zijn 5 klaslokalen nodig om de school volledig te ontwikkelen voor totaal ong € 35000

Op onze website: www.kinderhuisnepal.nl vindt u meer informatie over de bouwplannen.

Verder gaan we in op de individuele sponsoring van kinderen die extra ondersteuning nodig hebben en waarvoor we enkele donateurs bereid hebben gevonden

De plannen om uitstromende jongeren te helpen aan een baan in Nepal waar we in de vorige nieuwsbrief over berichtten, hebben een vervolg gekregen.

We blijven de jongeren informeren over mogelijkheden en kansen bij de bedrijven uit het Rockstart netwerk die ze eerder bezocht hebben tijdens de educational tour naar Kathmandu.

Er zijn profielen van de jongeren beschikbaar waarmee ze kunnen worden bemiddeld als ze klaar zijn met school/studie.

We maken dankbaar gebruik van dhr Ramesh Tamrakar die de inhoudelijke regie voert over de projecten in Nepal. Ramesh is gepensioneerd en voormalig directeur van SOS Kinderdorp in Itahari.

Hij heeft een schat aan ervaring in de Kinderbescherming en beschikt over een omvangrijk netwerk.

Ramesh doet dit vrijwillig en krijgt geen salaris van de Stichting.

Tot slot vind u een financieel overzicht over 2018 en een begroting voor 2019

We hopen ook in het nieuwe jaar weer op uw steun voor onze kinderen in Oost Nepal!

Namens bestuur en vrijwilligers wens ik U een voorspoedig 2019.

Henk Hooghuis, voorzitter

Part 1

The following overview gives an idea of what we can do with your donation:

Duhabi Kinderhuis:

There are 16 children in Duhabi Home where we can offer safe place for a child for an amount of about € 50 pm. Various essentials like School costs, clothing, footwear, food, homework assistance, care are included. Accompaniment by the home and cook mother: they earn resp € 60 and € 40 per month (24 /7) A home teacher gets € 60 p. The coordinator earns approximately € 80 pm.

Other Project costs such as repair & maintenance of the building and others necessities are not covered here. Local donation has been received in small part out of total budget.

Dipendra School:

The total no of children in Dipendra School is 112, 35 of whom are in nursery school. The children are offered education from class Nursery to class 5. A teacher now gets about € 60 pm. There are 6 teachers, (part-time) cook and a security guard for safety of the infrastructures. This cook earns approximately € 15 pm and security guard earns €20 pm

Also, Children get extra tuition classes after school. The children receive a daily meal and fruit at school. The meal contains Hakka noodles, Rice, Chicken curry, vegetable curry, eggs etc. For fruits, the children get apples, bananas and mangoes, oranges and other seasonal fruits. The children also get school uniform, shoes. The uniforms and shoes cost about € 30 per child. They receive a sweater, belt, socks, underwear, school bag and also the uniform. The meal and fruit cost about € 0.48 per child per day. This meal program is generously sponsored by Bisschoppelijke vastenactie, The Netherlands

Plan:

Extra classrooms for Dipendra School:

5 extra classrooms and 2 toilets are needed to be able to expand the school to 8 courses and also to extend Kindergarten 1 & 2. This is due to a change in the education law to gain recognition (and access to public funds) Costs of the classrooms amount to approx. € 35000.

Construction of Boundary wall:

Fence around the school grounds is necessary for the safety of the school and the children (approx. 30x70 m) this costs around €13000.-It is in a critical situation because landless people started building a hut for themselves by crossing the border line area of school.

Establishing strong link with employment/internship Program:

Children who are over 18 from Children home needs to be involved for various job opportunities. They have been introduced by us in a program that provides employment for orphans. The youths need various vocational trainings and accommodation. We hope some young adults find employment in reliable, innovative Nepalese companies that are connected with the Rockstart program (companies receiving investments and coaching by Dutch companies.) We expect extra costs for vocational training and lodging will be around € 115 monthly per youth.

Increment of salary to the project staffs is essential:

The staffs of 3 projects have been working whole-heartedly for proper development of the projects. Since, the staffs are working on very low salaries, it is necessary to raise their standards so that they can be motivated and work more for good future of children.

The extra contribution from the Municipality to Dipendra School of Dharan has been canceled due to lack of resources from the local government. However, they pay the salary €49 to the toddler's teacher

Here are some examples of what this year has been achieved in our projects:

1. Children of Dipendra School received educational materials from Chairman of Stichting

School materials (Copies, pencils, eraser) distributed to Children in Dipendra School. The materials were handed over to the children by the chairman of Stichting Shide Children Home Dharan Netherlands, Mr. Henk Hooghuis. Children were very happy while receiving the school materials from him. The teacher along with the school committee thanked him for his humble presence.

2. New Teachers appointed in Dipendra School

Three new lady teachers (left-right), Miss Dipa Magar, Mrs Durga Khulal & Mrs Harimaya Subedi are appointed for the position of teacher in Primary level. Miss Dipa Magar has completed her Bachelor degree in Education whereas the other two ladies have completed their Master Degree in Education. The most important thing is that they are motivated to work for under-privileged children to enhance with good knowledge & education.

3. Ram & Laxman (Twin Boys) transferred to Duhabi Children Home

Ram and Laxman are twin boys from falkland area who were studying in Dipendra School. Due to improper care from their family, the twin boys were transferred in Duhabi home through proper legal documentation. The principal of the school helped in making the legal documents the boys. The president and the office manager from Duhabi home came several times to visit the condition of the child and also they registered proper documents for their admission. On final day, they came to receive the boys.

4. Role of Mr. Tamrakar as an advisor and field coordinator of Society for Helpless Children, Dharan (SHC)

Former President of SOS Village Itahari, Mr. Ramesh Tamrakar has been serving for good future of children by maintaining his role as a main advisor and field coordinator for the projects in Nepal. After many decades of his experiences in SOS Village Itahari, he wishes to serve the same for the projects of the Stichting in Nepal. He is very much forward in working for the successful future of the children.

5. Tree Plantation in Dipendra School

Successful tree plantation program held in Dipendra School. As greenery is very necessary, therefore plantation program was organized in order to make the school compound clean and green. The opening work was started from the president of the ward. The advisor of Stichting Mr. Madan Dhakal, Member of SHC Mr. Meherman Hughes, office manager of SHC were involved during the work. Children and teachers were heartily involved during the work. Children were excited to see plantation works. They were happy to be involved in such activity. They have divided the work on watering the plants.

6. Samaritan Purse distributed in Dipendra School

Samaritan Gift Boxes were distributed in Dipendra School to the children. On the coordination of Mr. Meherman Hughes; the boxes were given to the children of Class Nursery to Class-5.

Students were very much happy as they received lots of materials inside the box. They were very much joyful to see the materials inside the box. The program was successfully completed on the presence of Mr. Subash Bardewa (Special guest) and Mrs. Mina Lawati (President of School committee).

7. Riju (Duhabi Home) completed his 3 months Art Training in Pokhara

Riju Tamrakar from Duhabi Home completed his art class in Pokhara under the guidance of Mr. Ramesh Tamrakar. The training was completed in 3 months. The cost for the training and accommodation was supported by Mrs. Anja Brasser. During his training, he was busy in learning arts by attending gallery, almost for whole day. He was also introduced to other artists of the valley. He is happy with the learning and exposure. The person with him in the picture is his art teacher.

8. Personal Sponsor for Deepa & Rashmi

Deepa Gautam, a child from Duhabi Home has been sponsored by the donors for her future development. The sponsor contributes €69 pm on her personal expenses and also promised to support for her future carrier. Right now she is studying in class-8 but still it is difficult for her to understand textbooks and learn as others. She is quite different from others physically and mentally. In spite of her differences, she is a good girl with good heart. She cares her own personal cleanliness. She helps in washing dishes, cleaning clothes, taking care of small children and also in cleaning homes. Sometimes she plays with girls. She loves to talk with small children

Rashmi Baraily, a Child from Dharan has been supported by Hanna de Lange & Peet Voeten for her education. She lives in Dharan-11, Gairigau & studies in Gyanodaya School in class-8. The sponsor supports €69 pm for her educational & other expenses. She has three members in her family. Her Father left her when she was just born. Her mother works as a maid in other houses and earns some money for her family. Her family economic condition is very much poor. The family cannot invest for her education. She is good in studies and she has a big goal in her life.

9. Distribution of School uniforms, School Bags, shoes and accessories in Dipendra School

Distribution of School uniforms, School Bag,Tie, belt, Shoes, Socks and Inners to the students of Dipendra school. Mr.Ton Timmerman, Mrs.Jaqueline, Miss Phibian and Miss Sarala from The Netherlands were honored in the program as main guests. The materials were provided by their organization. Children were happy to receive their new school dress. Children are provided with all these materials every 2 years. They were excited to wear school uniforms and accessories as their parents & guardians cannot afford them.

Part 3

- **Mini Conference with planning & evaluation program**

Mini conference held between 3 projects regarding the yearly planning, implementation and evaluation. The project members thanks Mr. Ramesh Tamrakar who shared his knowledge and experience, build up in his 35 yrs career in SOS Village. The project members feel they are on the right track. Through meeting, the project has been able to formulate specific measurable achievable goals.

- **Exploration of Job opportunities for young adults (Rockstart program)**

The Donor organization is happy to quote that, Rockstart Company is supporting the project of Nepal in exploring job/training opportunity for children with its companies in Kathmandu. Children had opportunity to visit some of these companies in last December 2017 in presence of Mr. Mark and Mr Henk. The next visit was made on July by Mr. Ramesh Tamrakar & office manager of SHC for registration of company's profiles in detail. This helped to explore the opportunity and develop rapport with the companies.

On October, with the full collaboration of Mr. Ramesh Tamrakar, office manager organized a motivation program by organizing a meeting with prospective young adults of Duhabi Children’s Home & Saraswoti Child Care Home. He presented detail presentation of the companies and prepared list (profile) of enthusiast youths. Besides it, he suggested to above child care homes to prepare child development plan and integration plan for each and every child they admit in the home.

- **Good relationship with Rotary Dharan for development of Dipendra School**

Mr. Ramesh Tamrakar (Advisor & field coordinator of SHC) gave his involvement in various meetings in Dharan for successful development of the project. He was involved in Rotary’s meeting for development of classroom in Dipendra School. He also visited various sites, projects in order to function more systematically

and smoothly. He constructed a bridge between Rotary Dharan & SHC in order to develop the classroom construction program for Dipendra School. Through this, Children will be able to study in Kindergarten and Senior classes (6, 7 & 8)

- **Role played by teachers of Dipendra School for child development.**

1. Bishnu Maya Acharya

“It has been several years I am working for development of children in School. Children are basically from low economic background that lacks proper care from their family. Therefore sometimes I have to be their parent. I prefer personal cleanliness which is the most important part of human life. So, I maintain personal hygiene of those children who comes to school untidy.

For educational performance, I consult with the parents and keep updating about child development in education.”

2. Prem Kumari Rai

“Serving for good future of child is my main perspective. I am very much happy to work with the children and enhance their future. Though it is very challenging for me but with good coordination I can succeed. I basically focus more on weak children. For this, I including other teachers also have started extra- coaching classes after school in order to spend more

time with children and help them in their academic studies.”

3. Ram Kumari Katuwal

“I myself accept that education is the most important indicator for a person to be successful. As usual, I repeat the same sentence to my children. During my experiences, I have faced many weak children along with their bad situation at home. But for such children, I visit the house, talk with the families, spend more time with the child and try to motivate their parents &

guardians about education. I usually focus on weak children. For such children, I even spend my additional time with them during studies.”

4. Sona Lawati

“I am a class teacher of Nursery and it is a challenge for me to maintain balanced environment inside the classroom. Basically, children of age 3-4 are from class Nursery. As a matter of fact, sometimes it is very much difficult to control the classroom. But still, I find it as a challenge & work whole heartedly for the successful development of child future.”
